

If you value youth work this is probably the most important thing you will ever do...

# 17-03-07 CYWU National Rally

“Save Youth  
Work. Save  
our Youth  
Service”

12-5pm,  
Saturday 17th  
March 2007

National and  
International  
Speakers

Aston University,  
Birmingham

**All CYWU members and all those who care for youth work and the Youth Service should attend this critically important rally. It is time to speak up before they are completely dismantled!**

**The Threats We Oppose:** It is proposed that youth work be opened up to commercial markets. The Youth Service funding stream has already disappeared. Widespread cuts to services are already being made. The principle of voluntary engagement that underpins real youth work is disappearing. The public service ethos from which youth work arose is being fundamentally challenged.

**Registration:** Places are going to be limited, demand is high, so please register in advance. Only those registering can be admitted. Please register simply by emailing [kerry@cywu.org.uk](mailto:kerry@cywu.org.uk) and letting us know if possible the names and numbers of those attending. Mark the subject box Rally. Or ring 0121 244 3344.

**The Community and Youth Workers Union is now a National Section of the Transport and General Workers Union (a Union of specialist Unions)**
