Dave exposed the crazy all party PFI schools scheme and its sky high costs - with its hand-over of schools, fields and facilities (including our Duston swimming pool) to private contractors.

Don't Fall Sick, Grow Old, Be Disabled or Need Care in This Town - Where all the Parties Cut, Close or Privatise Services !

What have we got after 20 years of Conservatives, Lib Dems and New Labour ?

£600 million costs to PFI contractors to run Schools - hire charges rocket and community swimming pool handed to same PFI company. Street lighting given to PFI sharks with higher costs & lower service.

Care homes privatised, disabled centres closed and services cut. Consultants paid millions as sheltered housing, care is cut back and council housing falls to near zero despite 100s of house sales a year. Disabled Facility Grants cut by £1 million in one year by the NBC.

So much for Tory, New Labour and Liberal promises.

Vote for candidates who campaigned and opposed the results of failed austerity policies, who support a proper taxation of the wealthy for a better deal for pensioners, for better services, for more housing.

Vote No to the Cameron/Clegg/Miliband austerity policies.

The People of Northampton Protest against Cuts. Speaking out in defence of good care services

Why vote for more of this?
